

Dear Parents,

Please read the Title 1 Parent Involvement Policy for our school found below.

We welcome your suggestions and comments on the policy! Please either email them to me at jarobertson@wcpss.net, or print this page, write your comments on it and send it to school, to my attention.

A copy of the home-school compact was given to you by your child's classroom teacher. We also welcome your input on the compact, which can either be emailed or sent in to school, as explained above.

Thank you for your input and continued support!

Sincerely,
Julia Robertson
Title 1 Teacher

_____ I approve of the attached Title 1 Parent Involvement Policy for our school.

_____ I would like to see the following changes in our school's Title 1 Parent Involvement Policy :

_____ I approve of the home-school compact for our school.

_____ I propose the following changes to the Green home - school compact :

Parent Signature: _____

Student Name: _____

Green Leadership and World Languages Magnet

Title 1 Parent Involvement Policy
2014-2015

We believe the education of children is a cooperative and collaborative effort. Parent involvement strengthens the child's academic, social, and emotional success.

Green Leadership and World Languages Magnet (GLWLM) invites all parents of its attending students to help plan, review and improve the Parent Involvement Policy and the Home-School Compact. Both documents shall outline how parents, school staff and students share responsibility for increasing student academic achievement. Both documents shall outline the means by which GLWLM and parents will develop a partnership to help our children reach North Carolina's high academic standards.

Parents of Title 1 served students shall be provided timely information about the program taught by Title 1 staff as well as explanation of the curriculum in use at GLWLM, the types of assessments used to measure student progress and the proficiency level students are expected to meet. Title 1 staff will communicate student progress to parents via the classroom teacher and requested parent conferences.

Parent meetings will be held at GLWLM during the school year. At these meetings, various informative and helpful topics will be discussed. Parents will be notified through teacher newsletters, the school's website, and through the "Phone Messenger" system. More learning opportunities for parents include Parent Academy sessions offered by the WCPSS Tier II department. These learning opportunities will be held throughout the year in different communities to allow flexibility in attendance. Parents will be informed as to the time, place, and focus of these meetings through teacher newsletters and the GLWLM website.

Parents can reach Title 1 teachers by calling the school at (919) 431-4181 or using the following email addresses:
